### **Servant Leadership Scholarship Established in Memory of Larry Martiny**

---

**Fond du Lac, Wis. (March 15, 2022):** The Larry Martiny Servant Leader Scholarship, a new scholarship benefitting students on trade-orientated educational paths, has been established and will be added to the Fond du Lac Area Foundation scholarship catalog. The scholarship was created with funding and award guidance from PieperPower.

Each year, the Larry Martiny Servant Leader Scholarship will financially assist a Campbellsport High School graduate as that student pursues higher education at a community college or technical school. The student will be pursuing a career in the building trades, technical/industrial career, or some other hands-on career of their choice.

The scholarship is currently accepting applications for the 2022-2023 academic year. The detailed scholarship listing and application can be found on the Campbellsport School District website:

<https://www.csd.k12.wi.us/o/high-school/page/scholarship-opportunities>

This scholarship is meant for that special student who lives their life following a commitment to servant leadership. Servant leadership is a philosophy and set of practices that enriches the lives of individuals, builds better organizations and, ultimately, creates a more just and caring world.

Larry Martiny, for whom the scholarship is named, exemplified the servant leader in his forty plus year career in the electrical construction industry. The scholarship will be awarded to a student that exemplifies how Larry Martiny was in his personal and professional life. This student will have the ability to lift others with no need for self-gain. They follow their life with a ‘we’ and the ‘I’ in mind.

In addition, the recipient of this scholarship will exhibit the following character traits: integrity, honesty, positive work ethic, and creating a positive moral impact on those around them. Larry Martiny demonstrated these positive character traits throughout his life. He set an example from his years at

Campbellsport High School (CHS) as a standout athlete: state champion in cross country, track, wrestling and baseball.

After graduating from CHS, Larry became an electrician apprentice, journeyman electrician, project foreman, and project superintendent. He participated in and led many major construction projects during his long career at Pieper Electric.

The Fond du Lac Area Foundation maintains a strong commitment to education. Our expansive scholarship catalog supports local students who are continuing their educations at 2- and 4-year colleges, universities, and technical schools.

###

The Fond du Lac Area Foundation was established with one fund from a contribution of \$50,000 from the disbanded Fond du Lac Children's Home in 1975. The Foundation now has \$70 million in assets and nearly 450 funds. Each of those funds represent a unique charitable interest, including support for scholarships, churches, youth activities, the arts, the needy, the environment, and more. The Foundation has two regional affiliates, the Beaver Dam Area Community Foundation and Horicon Funds.
